

Salida Brewers Rendezvous Campout

Directions to Camp

We're setting up on public BLM land, not an established campground. Take the directions with you!

- On Hwy 50, heading west into Salida, just before you get to town, you will see the Four Seasons RV Park on the right — it's just east of the intersection of Hwy. 50 and 291. You can use GPS to get to this point (4305 US-50, Salida, CO 81201).
- Make the first right after the RV park onto County Road 102, which goes off to the north. The road is between mile markers 223 and 224. If you see the 7-Eleven you have gone too far.
- You should immediately be on a bridge crossing the river. Go 0.25 mile, staying to the left of the stockyards. GO SLOWLY! The road doesn't require 4-wheel drive, but it has its moments.
- After 0.25 mile, you'll reach railroad tracks. Turn right along the tracks. In 0.2 mile the road forks. Take the right fork. About 0.15 mile further up the road, there's a clearing overlooking the RV park. We will be camping there, near the river.

Look for Brew Brothers signs after the RV park.

See the Google map link on the Salida Campout page of the Brew Brothers website for a satellite view of the turn-off and campsite:
